### **DHANALAKSHMI SRINIVASAN COLLEGE OF EDUCATION FOR WOMEN**

*Dhanalakshmi Srinivasan College of Education for Women was founded by **Shri.A.SRINIVASAN, FOUNDER- CHAIRMAN OF THE DHANALAKSHMI SRINIVASAN CHARITABLE AND EDUCATIONAL TRUST, PERAMBALUR.** The trust has been in the forefront of providing high quality education in the region of Perambalur, an upcoming yet to be developed region of Tamilnadu. Spurred by overwhelming enthusiasm and ambitious zeal, **Shri.A.Srinivasan** has been the Harbinger of literacy development by being the founder of Dhanalakshmi Srinivasan College of Education for Women. Ours is the first self financing college for women which was started in the year 2005, functioning at Perambalur district which is only one of its kind. Ours is the first self financing college for women that got affiliated to Bharathidasan University for the course programme B.Ed in the year 2005. The College is approved by NCTE and was affiliated to Bharathidasan University, Tiruchirapalli. The College is further, adorned by the gem additional intake in the year 2007. The college has acquired recognition for its third unit of additional intake from NCTE in the year 2008. The annual total intake of the college is 300 seats. The college is affiliated to the Tamil Nadu Teachers Education University, Chennai, from 2008 onwards. The college strives to impart quality education, through a stimulating and innovative environment. Since inception the college has been endeavouring to establish itself as a nodal centre of learning, research and training. The College is accredited by NAAC with “B” Grade.*

#### **NATIONAL SEMINAR**

*Quality is the ongoing process of building and sustaining excellence by assessing, anticipating, and fulfilling stated and implied needs. The ability to live up to the quality of design is maintained by the quality of the process. Quality is doing the right things accurately. Quality is the extent to which processes are free from defects & constraints. Quality is a perceived degree of excellence. Quality is conformance to specified requirement & is never an accident. Quality is being Creative, Innovative, and Forthright. Quality is not achieved by doing different things. It is achieved by doing things properly and perfectly. Quality’s presence is hardly ever acknowledged but its absence is always noted. Quality is all-pervading. Quality plays a vital role in Teacher Education.*

*The achievement of education fundamentally depends upon the quality of education available. All teaching should aim at focusing the learner on positive future skills, attributes and mindsets. Education is about ‘future proofing’. To achieve quality we need to do fewer things well. Need to help students reach for their personal best.*

*The key to quality are the interactive skills of the teacher to help all students develop a greater sense of control over and responsibility their own learning and behaviour. The role of teachers is crucial in establishing total quality management, as they are the ones who can assure quality in education. The purpose of total quality management is to motivate teachers to communicate effectively with students in the classroom. Education improves the knowledge and keeps the students abreast of the subject but do not help in increasing their efficiency when it is not quality centered. This seminar “Quality Dimensions in Teacher Education” is to motivate teachers to reach out to the students and to discuss upon various dimensions of quality. Education is a set of processes and outcomes that are defined qualitatively. We firmly believe, this seminar would provide a broad platform in improving all aspects of the quality of education and ensuring excellence of all so that recognized and measurable learning outcomes are achieved especially in literacy, numeracy and essential life skills.*

#### **OBJECTIVES OF THE NATIONAL SEMINAR**

- ❖ *To realise the importance of quality in all aspects of teacher education.*
- ❖ *To improve the quality of education and training systems*
- ❖ *To Preserve the quality of higher education*
- ❖ *To empower the learner and quality of learning.*
- ❖ *To enable capacity building pertaining to quality.*
- ❖ *To make the participants realise the significance of quality dimensions in Teacher Education.*
- ❖ *To develop awareness in Assuring relevance in curriculum content, pedagogies and assessment qualitatively.*
- ❖ *To motivate the teacher educators to maintain quality in teaching learning process.*
- ❖ *To analyze the degree of accuracy and adequacy in instruction for establishing quality in education.*
- ❖ *To discuss the Role of quality and its impacts of learning condition on students’ academic performance.*
